Letter from the Board Chair

The last two years have been a period of growth and new opportunities for EYLE.
We have been able to expand the number of programs we offer and have completed a planning process to move EYLE in exciting new directions.
In parallel with our successful individualized tutoring, EYLE is now offering practical workshops for adult learners.

We want to thank our generous foundation and corporate partners as well as our many loyal individual donors. We also thank Charity Intelligence for including us once again in their Top Impact Charities lists.
Thanks to our many dedicated volunteers, our thoughtful and creative Board members, and our amazing staff, Carolyn, Jo and Amanda, for the great work they are doing every day in creating a wide range of opportunities for our learners.

Letter from the Executive Director

EYLE has continued to help adults build the literacy, numeracy and digital skills they need to reach their goals and participate more fully in their communities. We are proud of the progress our learners have made and grateful to the volunteers, staff, donors and partners who make this work possible. As we look ahead, we remain focused on strengthening our impact and expanding opportunities for adult learners across our community.

About Us

Learning looks different for everyone. That's why every learner receives personalized support based on their own goals, strengths and experiences.

03. Grow Community Partnerships & Visibility

Increase awareness of EYLE and strengthen partnerships across the community to reach more adults and connect learners to resources and opportunities.

Deepen our relationships with the volunteers and donors who make our work possible, creating meaningful opportunities to connect, contribute and support EYLE's continued impact.

05. Build Organizational Capacity & Operational Excellence

Improve our systems, technology and internal processes to support effective operations, a strong team and the long-term sustainability of EYLE.
